

Wind power in Finland

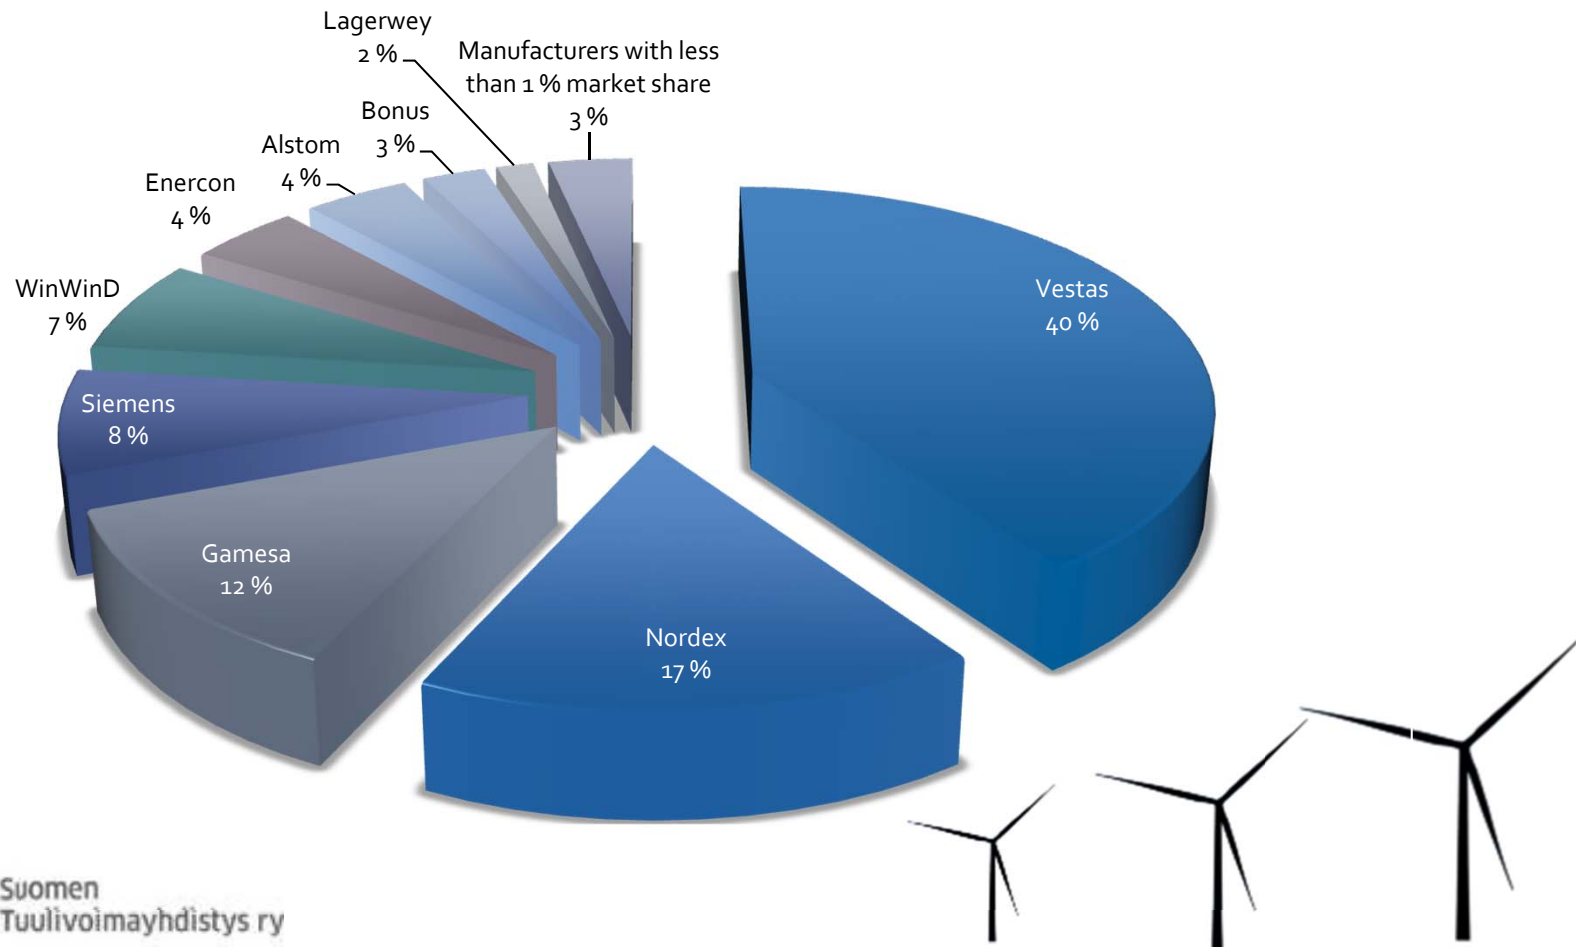

2015

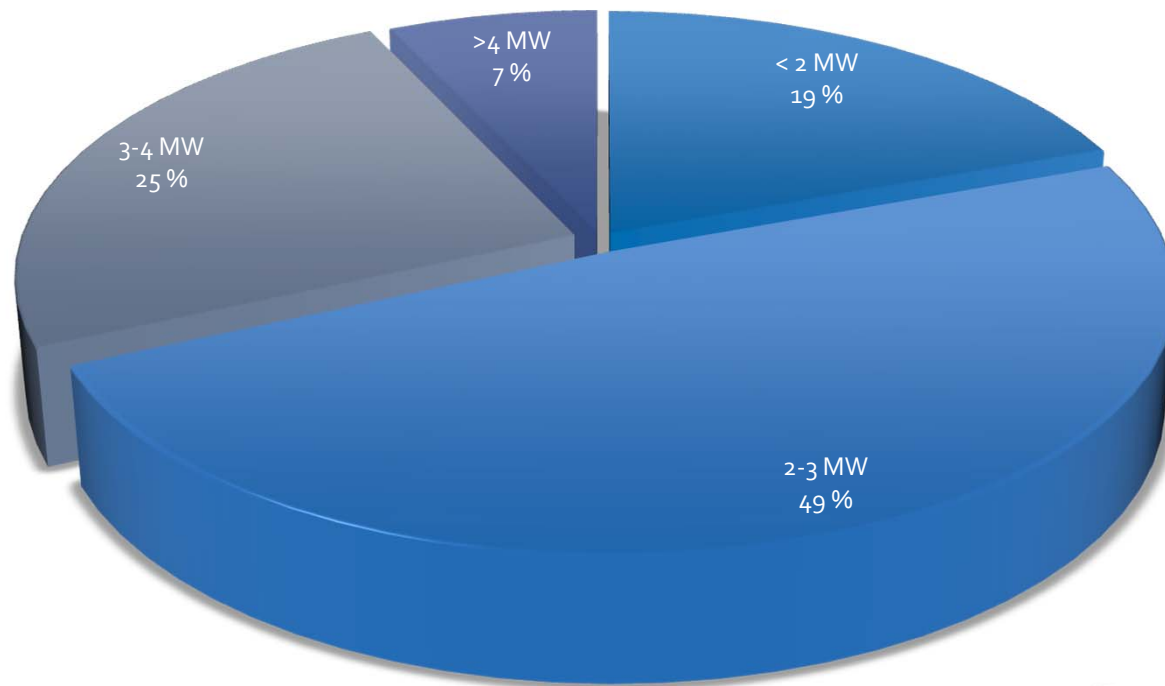

Production capacity by region (MW)

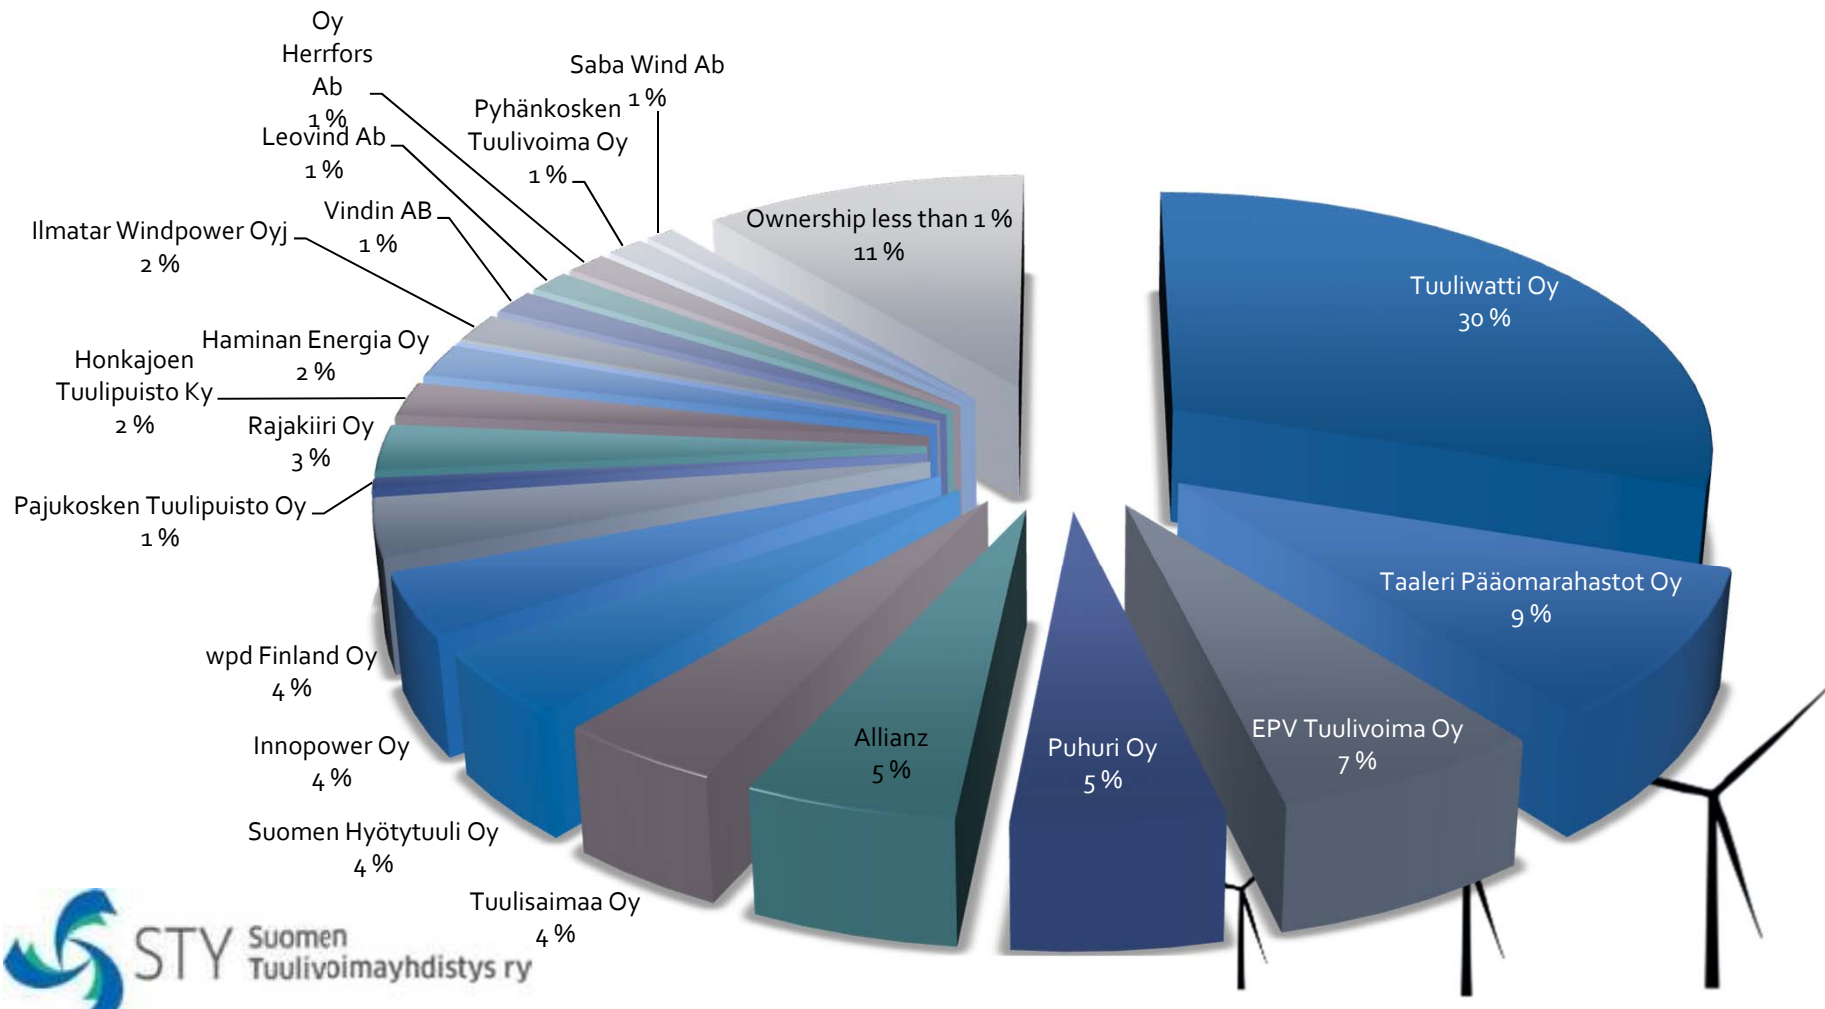

Wind turbine manufacturers Share from the cumulative capacity (MW)

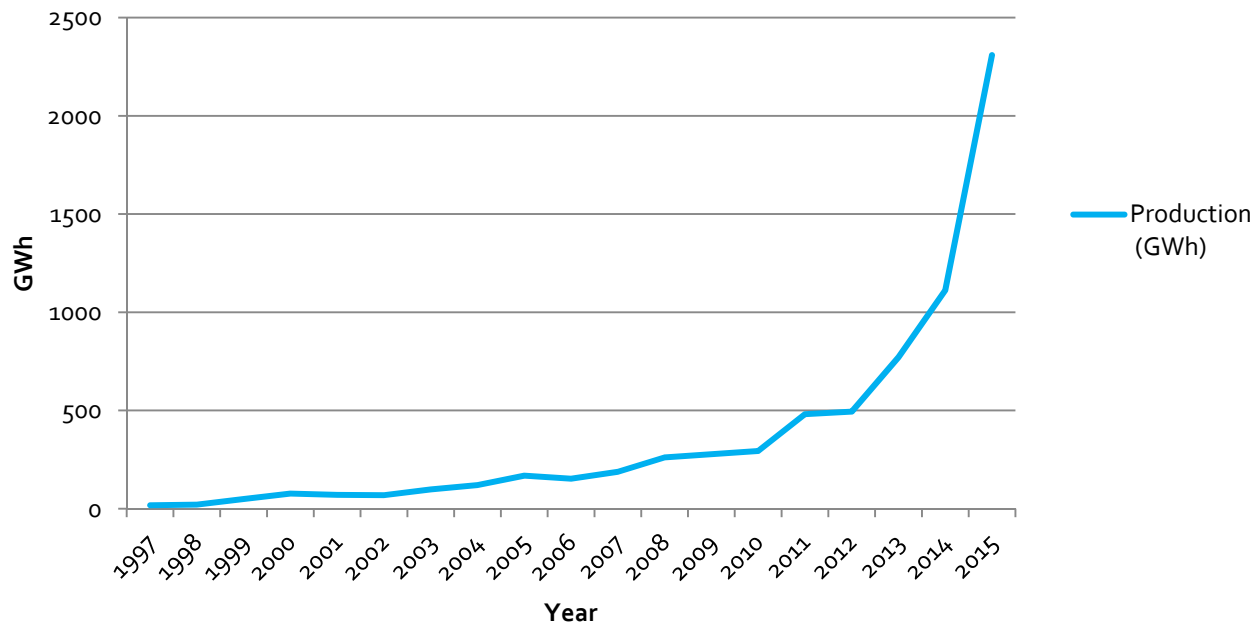

Distribution of wind turbine sizes (number of WTGs)

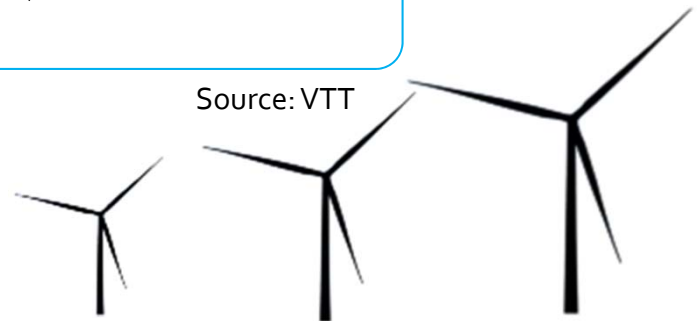

Owners – Share from the cumulative capacity (MW)

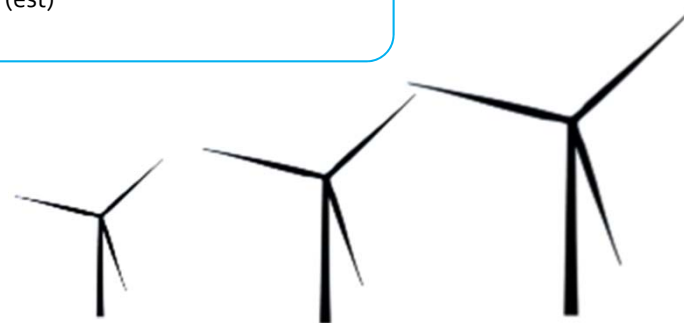

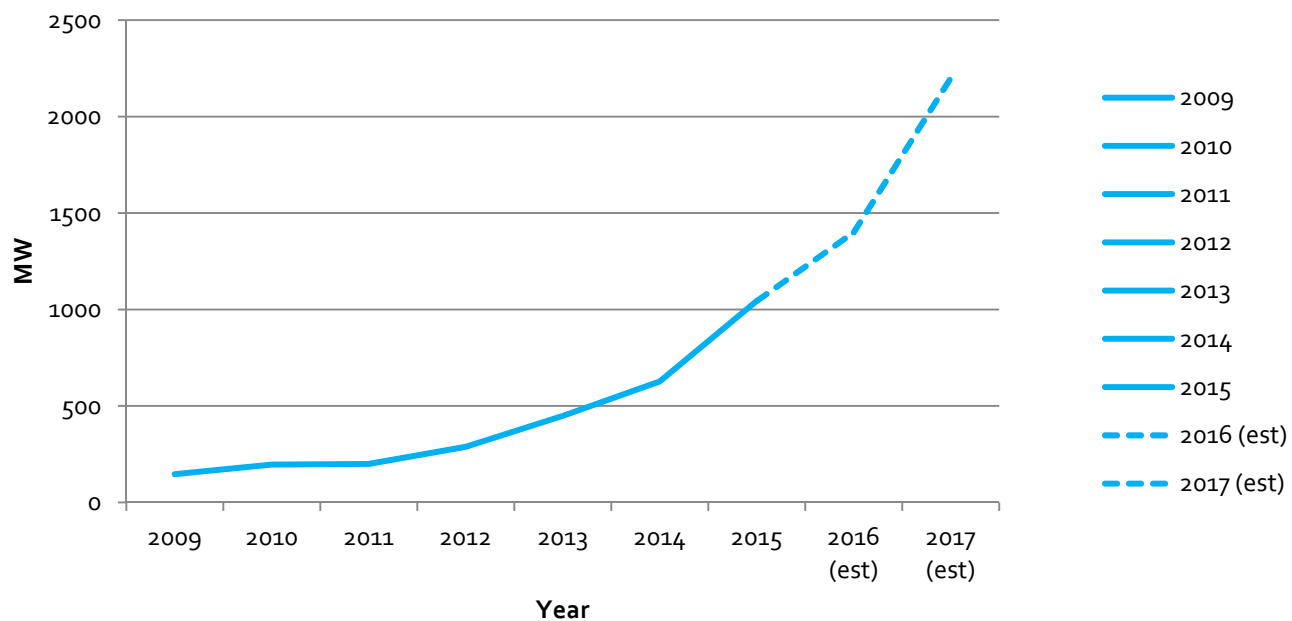

Annual production by wind power (GWh)

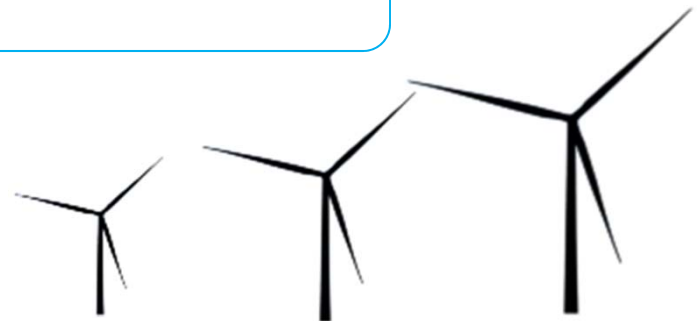

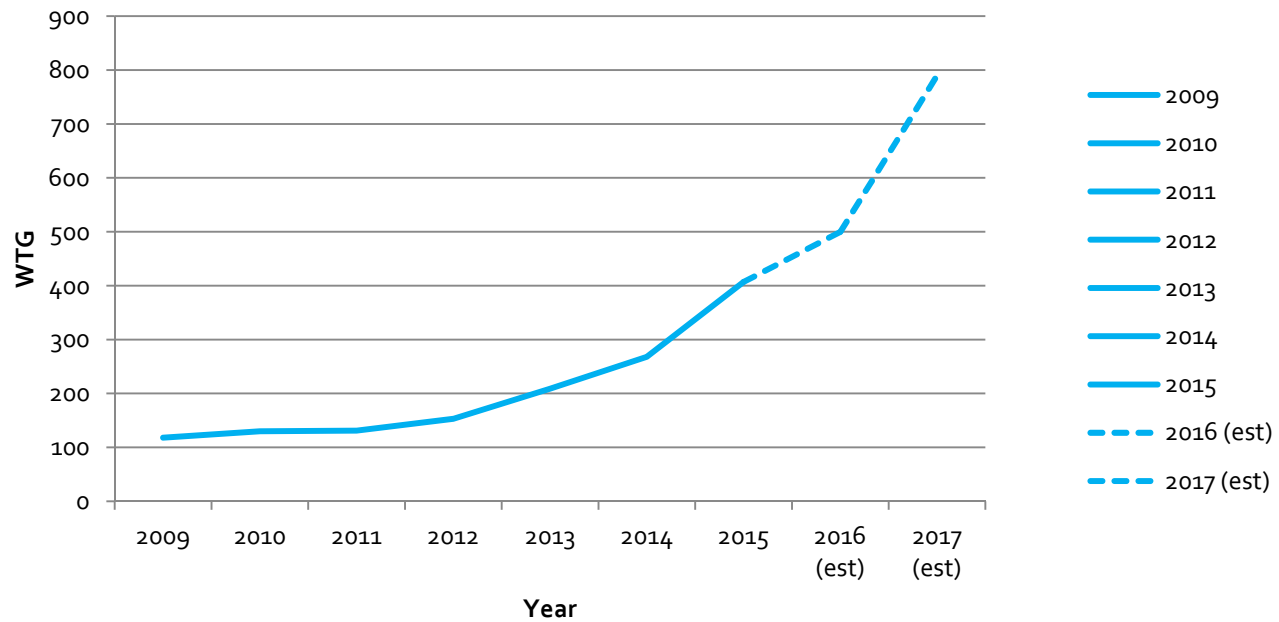

Source: VTT

Cumulative installed capacity (MW)

Cumulative installed wind turbines

Installed wind power capacity

2015

Installed wind turbines	124 WTG
Nominal power of installed wind turbines	379 MW
Dismantled wind turbines	11 WTG
Nominal power of dismantled wind turbines	8,9 MW
Cumulative capacity (WT)	387 WTG
Cumulative capacity (MW)	1005 MW
